

ACTIVITIES

- a) February 6th - 28th, 2019: Administrator (KEHATI) facilitated grant closeout process of BAF Grant Cycle 1 recipients (Primary and INOVASI).
 - i. February 6th - 9th, 2019: Administrator organized a workshop with several grantees (1 Primary and 8 INOVASI) in Manokwari as part of the closeout process.
 - ii. February 11th - 15th 2019: Administrator organized similar workshop with BAF grantees (5 Primary and 8 INOVASI) in Sorong.
- b) February 12th - 13th, 2019: BAF and CI Indonesia supported **Pinisi Bakti Nusa Expedition** by organizing Environmental Education, and Focus Group Discussion in Waisai, Raja Ampat with theme; "**Menggagas Model Pariwisata Berkelanjutan di Papua Barat**" or "**Initiating Sustainable Tourism Model in West Papua**". Pinisi Bakti Nusa Expedition is initiated by Indonesian Marine Scientist Association (Ikatan Sarjana Kelautan Indonesia-ISKINDO) to serve the purpose of identifying and mainstreaming marine development issues as well as promoting partnership in every location visited by the vessel. - c) In February 28th 2019, Administrator has received final reports of most of 1st cycle Grant-Recipients. Administrator is currently in the final process of reports reconciliation and closeout of BAF Grant cycle-1.
- d) Administrator is also in the process of regular performance evaluation, facilitated by Bapak Yohanes da Masenus Arus.
- e) 26-28 February 2019: Conservation International (CI) and Kapal Perempuan organized Gender Training, "*Perempuan dan Laki-laki Bersama Mengelola Laut di Bentang Laut Kepala Burung (Man and Woman Together Managing the Bird's Head Sescape)*", participated by BAF Grant Cycle 2 recipients in Sorong. This activity was started with and ended with field visit to several working location of BAF grantees in Sorong and Raja Ampat.

- f) Bapak Nathaniel Mandacan and Bapak Yulianus Thebu (both as current member of BAF Local Representative Committee/LRC) has provided information that Ibu Komboy Frida Klasin (from West Papuan People Assembly/MRP) has provided her verbal acceptance to join as a member of BAF LRC.
Administrator will accordingly follow it up with Ibu Frida.

CHALLENGES

- a) One of the challenges encountered by Administrator is timeliness and quality of reports from grantees.
- b) Initially, Cycle 2 was planned to commence in January 2019 and end in December 2019 (12 months). However, a slight delay with reason as mentioned above will push this cycle until March/April 2019. With the condition that the 12 months implementation of cycle 2 is allowable, BAF Grant Cycle 2 will be implemented until Feb/March 2020. On the other hand, if this condition is not allowable, Cycle 2 implementation will only have 10 months until December 2019.
